

## UPDATE – Online filing system

Progress continues to be made in PERB's movement to electronic filing. The legislature passed and the Governor signed HF2172, which amends Iowa Code section 20.24 and requires PERB to establish an electronic filing system. The bill can be found at

<http://coolice.legis.iowa.gov/Cool-ICE/default.asp?category=billinfo&service=billbook&GA=85&hbill=HF2172>.

Meanwhile, PERB staff has been diligently drafting administrative rules governing electronic filing, which are available [HERE](#) and are open for informal public comment until May 23, 2014. These administrative rules are largely based off of the Court's electronic filing rules.

We still hope to have the system online by July 2014 and plan to have training at the 2014 PERB Conference, September 22-23, 2014. Please stay tuned for more updates as PERB makes another step into the electronic age.
